

15 watts RoHS Compliant DC/DC converters with wide input range

Torrance (CA), July, 2008 - Martek Power announced the release of the 1500UFR series of highly efficient DC/DC power converters. The modules are specially designed to address the application needs for data communication equipment, mobile battery driven equipment, distributed power systems, telecommunications equipment, mixed analog/digital subsystems, process/machine control equipment, computer peripheral systems and industrial robot systems.

The 1500UFR series is a family of low-noise single and dual DC/DC converters. Packing up to 15 watts of power into a low profile 2" x 1" x 0.4" package with efficiency up to 86%, the series offer ultra wide input ranges of 9-36VDC, 18-75 VDC and 4:1 input range, and are available in output voltages of 3.3, 5, 5.1, 12, ± 12 or ± 15 VDC. The 1500UFR are priced at \$20.20 per unit for volume orders.

The 1500UFR modules are available in RoHS compliant version. Lead time is stock to 6 weeks ARO. For more information contact Martek Power at (310) 202-8820 or visit us at <http://www.martekpower.com>.
