

## Martek Power Laser Drive at Photonics West 2011

Torrance, Calif., December 2010 -- Martek Power Laser Drive (formerly Laser Drive, Inc.), a world leader in the design and manufacture of laser and lamp power supplies, plans to exhibit at the SPIE Photonics West Exhibition 2011 in San Francisco, California, from January 25<sup>th</sup> to 27<sup>th</sup>.

Martek Power's new show booth

Products to be exhibited are the widely trusted laser and lamp power conversion products suitable for medical and scientific, instrumentation, military and aerospace, reprographics and printing, manufacturing, flash photography and studio lighting. Laser products to be exhibited will include HeNe, Argon and Diode power supplies. Martek Power Laser Drive's lamp products – which consist of Capacitor and Excimer Charging, Deuterium, CWS Arc Lamp and Flash Lamp Power Supplies – will also be shown at the exhibition.

For further information or to view these new products, please visit our stand at Photonics West, Moscone Convention Center, South Hall Booth 713.
